"FLYING CLOUD"

Dear Sir,

I beg to forward herewith a verified copy of the approved midship section for the above vessel for reference.

At the same time I would forward for consideration a proposal, submitted verbally at this office by Mr J. H. Barbour, Naval Architect for the Owners, to cut drain holes in the centre girder of the double bottom, as it is desired that one line only of suction piping may be fitted, having in view the narrow transverse dimension and shape of the double bottom.

I am, Dear Sir,

Yours faithfully

The Secretary
London.

The Surveyors to Lloyd's Register

James S. Ormiston
Lloyd's Register
Foundation
W1104-2023

Referred to the Chief Ship Surveyor.

14 SEP 1925

It is submitted that the proposed alteration to the plan will not be made as the proposed alteration is not in the nature of a correction of the plan. The copy of the plan is being retained for reference.

The Secretary
London.
