19th May, 1925.

Dear Sirs,

Yacht "FLYING CLOUD".

D.

I duly received your letter of the 14th instant, and in reply I have to state that it is understood that it is the intention of the owner of this vessel to have a new hull built into which the machinery and all the internal fittings at present on board the vessel may be transferred.

It has been suggested to the owner that he might consult Mr. J. H. Barbour, Naval Architect in Genoa, on the subject, but so far no proposals have been submitted to this Office, although it is understood that the Society's classification will be specified for the new vessel.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

GENOA.
