Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

30th June, 1926.

Dear Sirs,

I duly received Mr. Robson's letter of the 26th instant respecting the upper part of the rudder stock for the Yacht "FLYING CLOUD", and have to acquaint you that the contents have been noted.

I am however directed to state it is desirable that a torsion as well as a tensile test should be made on the material, and on the receipt of the results of these tests the matter will receive prompt attention.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

GENOA.
