All communications  
to be addressed to  
THE SURVEYORS

Dear Sir,

Yacht "FLYING CLOUD" . -

With reference to the plan Fc 20 of A brackets approved on 20th ultimo, we have to state that we are now informed that the A brackets are already made as proposed on this plan . -

As the modification to this plan affects the inboard connection of the palm of the horizontal arms of the A brackets the Builders submit for approval the 3 white print plans showing proposed attachment for this palm to ship structure . - It will be seen that double attachments are proposed and/or recommended for the attachment of the horizontal plate which receives the palms to the shell plating and floors . - A detail sketch will be submitted for approval later showing detail of proposed attachment in the palms themselves . -

It is submitted in the circumstances that provided the inboard arrangements to take the palms in question be considered or made in order the proposed arrangement might be approved . -

We are, Dear Sir,

Yours faithfully,

The Surveyors to Lloyd's Register

*James S. O'Connell*
