## Yacht "FLYING CLOUD"

Dear Sir,

This vessel is at present in port at Genoa and we understand that the Owner, the Duke of Westminster, has under consideration a proposal to build in this district, a steel Yacht of similar dimensions and general design, the intention being to transfer as much material as possible, from the present vessel to the new one.

Apparently no definite decision has been reached but we understand that proposals have been, or are to be, submitted to you direct in London, the Society's class being required for the new vessel.

If you have any information, we should be glad to know how the matter stands.

We are, Dear Sir

Yours faithfully

The Secretary  
London.
