Dear Mr. Scott:-

Further to my letter of yesterday's date, I think it well to attach hereto copies of letters I have received from Messrs. Larkin, Rathbone & Perry, relative to the case of the Schooner "Elizabeth Ruth".

Possibly you might care to let me have your opinion on subject matter of their letter of the 8th inst.

I now find that the first entry reports on this vessel were forwarded by you on the 2nd of February, 1921 and I have been able to trace the original first entry machinery and the free board reports and it is presumed the lawyers have the first entry report on the hull in their possession.

I have asked them to make a search for this document and I will duly advise you on hearing from them. It is not the lawyers' desire that any of these documents should be returned to you, meantime, and I shall be glad to know if it will be in order to retain them for the present.

Yours very sincerely,

*A. French*
