Aberdeen, 8th September, 1924.

LLOYD'S REGISTER
Recd. 9SEP.1924
Anad.
LONDON

Dear Sir,

In connexion with the fitting of the Electric Light installation in the steam tug "CULEX", and referring to your letter of the 29th ultimo, regarding the survey, I beg to call your attention to the report not bearing the builders signature.

It appears that the builders did not quote for the survey of the work, and the Owners representative here states that he did not expect to have the fees to pay. I therefore could not get either party to sign the report.

I am, Dear Sir,

Yours faithfully,

C. E. Wilks

The Secretary,

LONDON.
