21st May, 1926.

Dear Sir,

S. With reference to Greenock First Entry Report
No. 18534 on the Steamer "DALRIADA", I have to say it is
concluded that the riveting in the butts of the bridge side
plating is as approved, but the Surveyors should state whether
this is so.

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,

GLASGOW.
