

## POSTPONED SURVEYS.

Case of the Steel Tug "C. C. MENGEL JR".No. 66490. in Reg. Bk. 37/7 tons, Built 1926-7.Classed + A1.Owners Mengel Co. Ltd.For towing services at Acim.  
7th.Port of Registry Acim.+ Acim 7th.Survey Due Screw Shaft Survey due 7,28.

No reply was received to the usual enquiry addressed to the Owners regarding the above survey in August last.

In reply to further enquiry the Owners now write as follows:-

"On receipt of your letter of August the 7th this question was taken up with our Home Office at Louisville, Kentucky, U.S.A., and at the present time we have not heard from them with regard to this matter. We have also communicated with the builders of this tug asking them for full particulars and information relative to this survey, as we were not

at all familiar with it, and did not understand exactly

2.

what the benifits were, or whether or not it was absolutely necessary for a tug of this size and for the class of work it is used for. As soon as we are able to ascertain whether or not we deem it necessary to have this survey made, we shall advise you, and in case it is found necessary, proceed with the proper work."
