9th May, 1924.

Dear Sirs,

I have to acquaint you that the s.s. "VILLE DE BELFORT" ex "Kibi Maru No.5" ex "Diorite" has been surveyed at Bordeaux with a view to classification with this Society, and as the boiler fitted in this vessel was made by Messrs. White & Co., Cowes, I shall be obliged if you will endeavour to obtain a copy of the boiler plan from that Firm for the information of the Committee.

The boiler in question is 3 metres diameter by 4.4 metres long, with 3 furnaces, and it is understood that the boiler was tested by the Bureau Veritas to 22 kgs. per sq. cm. and is stamped 7. 7. 20.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
SOUTHAMPTON.
