

Referred to the Chief Ship Surveyor,
and the Chief Engineer Surveyor.

16 APR 1924

Also for Mr. Mayne to note
Also for Mr. S. A. Hill to note.

Is Ville du Beyfort

It is submitted the Lieute surveyors be
advised by wire that the case would be
greatly facilitated if there are available any

detail plans showing the scantlings of the vessel

It will be necessary for the shell plating to
be drilled to ascertain its actual thickness and
they should request the Owners to give the necessary
instructions.

The Society's Surveyors at Bordeaux
should be advised of the Owners request for classification
and attend with the object of carrying out the rule
requirements as far as possible including noting of
the ^{of bulky machinery} scantlings where access can be made for the
compilation of a 1st Entry report.
