29th December, 1928.

Dear Sirs,

S. Reverting to my letter of the 19th October last respecting the classification in the Society's Register Book of the Dredger "LADY THOMSON", I shall be glad to learn whether you have yet heard from the Nigerian Marine in regard to the maintenance of this vessel's class.

I may say that the sister vessel, "LADY COMBE", is also classed +100A1 Dredger in the Society's Register Book, subject to the steel deck being sheathed with 2½" cement on her arrival at Lagos, and I shall be glad to learn whether it is intended to maintain the classification of this vessel also.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.
