28th., February, 1906.

Gentlemen,

With reference to Mr Turpin's first entry report on the machinery of the new S.S. "VICTOR", I have to inform you that the letter from the Owners of the vessel agreeing to accept the patched condenser, which was stated to have been attached to the report, has not come to hand. I have therefore to request that you will be good enough to forward this letter, before the case receives the consideration of the Committee.

I am, Gentlemen,

Your obedient Servant,

pro Secretary.

Surveyors,

ABERDEEN.
