The Second Special Survey No.2 (following an early Special Survey No.3) became due in February last.

The trawler has recently changed hands, and the new Owners now state it is not their desire to retain her classification in the Society's Register Book.

In the circumstances the Classing Committee, who had the case before them on Friday, 23rd instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
