The Secretary  
Glasgow.

Dear Sir,

With reference to London letter of 31<sup>st</sup> ult  
re the size of shafting of ss. "Kinabalu" I regret  
having made a mistake in my calculations.

I find that the size of screw shaft should be  
7.23" and not 7.1" as given in Glasgow Rpt No. 34689.

I am, dear Sir,  
Yours obed. servant.

P. J. Brown.
