rs,

S/S. "ORLA" From your various telegrams I am sorry to  
having caused you great trouble with the class question. The fact is  
I have not yet withdrawn the steamer from your register. Some time  
I saw your surveyor of this town and informed him that it was my  
intention to pass this steamer over to Det Norske Veritas when convenient  
Hereon, the surveyor Mr.S.A.Eide without my consent, sent you a letter  
regarding the withdrawal of the steamer from your register. I have been of  
the opinion that the steamer still was maintained in your register and  
in consultation with the master in this matter I answered that she was not  
transferred to Det Norske Veritas.

Just in receipt of your telegram informing me that you  
have made your decision. I therefore saw Mr.Eide who promised me to explain  
the matter to you and I hope it will settle the matter so that the steamer  
will not lose her class.-

Yours truly

*Henrik Østervold*
