Log

The Annual Boiler Survey of this vessel, which became due in June last, has been partly held, and the classification is subject to the stern tube being renewed before the end of the present month.

The Managing Owner has now informed the Society's Surveyor at Bergen that the steamer has been transferred to the classification of the Norske Veritas and that the Society's class is no longer desired.

In the circumstances the Classing Committee, who had the case before them on Tuesday, 29th instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
