London,

E.C.3.

9th January, 1929.

H.

To the Surveyor at BERGEN.

Vessel's Name,

"ORLA"

QUESTION.

ANSWER.

Reverting to my letter of the 23rd October and your reply of the 2nd November last respecting the completion of the Boiler Survey, I have to inform you that there is no record in this office of the safety valves having been adjusted at a Gulf Port, and as the vessel would appear to be now her way to Dunkirk, I shall be glad to learn what arrangements the Owners propose making in the matter.

At the same time I shall be glad to learn their intentions regarding the renewal of the stern tube, the limit on which will expire at the end of the present month.

Last

Date:—19th. January 1929.

On receiving this notice I conferred with the owner at once and he told me that this vessel's class has been transferred to Det Norske Veritas and he wishes to discontinue the vessel's class with this Society I asked him to write me respecting this but I have so far received no letter from him.
