The Boiler Survey became due on this vessel in September last, and in reply to the usual inquiry, the Society's Surveyors at Oslo now state they are in receipt of a letter from the Owners, intimating that they do not wish to maintain the vessel's class with this Society, as she is being transferred to the class of the Norske Veritas for her conversion into a whale oil factory.

The case received the consideration of the Classing Committee on Tuesday, the 26th instant, when it was decided to give instructions for the vessel's class to be withdrawn from the Register Book and three dots (...) inserted in lieu, indicating withdrawal of class at Owners' request.
