Port of Registry Seattle

Salted & specially treated.

Due

Donkey Boiler Survey due January, 1927.

In April last the Seattle Surveyor stated that this vessel was then at Newcastle, N.S.W. and was not expected back on the Pacific Coast for several months.

In reply to inquiry the Seattle Surveyor now states that he has been informed by the Owners that this vessel is expected to return to Seattle during the latter part of September next and that the above survey will be carried out before she again proceeds to sea.

Submitted for the consideration of the Committee whether action might be deferred provided the Donkey boiler survey be carried out without fault, as promised.

Committee's Minute / rll. 26 AUG 1927
