Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

30th March, 1926.

Dear Sirs,

With reference to your report No. 10995 on the two single ended boilers made by Messrs. Thos. Sudron & Co. Ltd. (No. 4454), I have to inform you that Messrs. Glover Bros. of this city have now purchased one of these boilers for their Steamer "SHAKESPEAR".

The certificate of test originally issued covered the two boilers, and Messrs. Glover Bros. have produced a copy of this certificate, with a view to a certificate for one boiler being issued to them for the vessel in question.

To meet their wishes, a copy of the original certificate, marked "Divided", has been furnished to them, and has been endorsed on the margin "The original certificate No. 6216 was issued for two boilers. One Boiler has been purchased by Messrs. Glover Bros. for the S.S. "SHAKESPEAR".

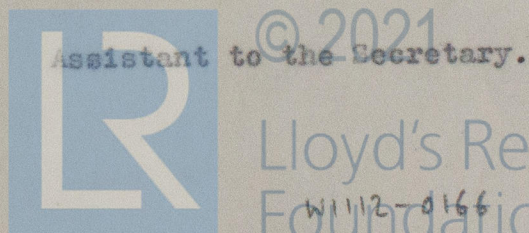

You will therefore be good enough to have this noted on the counterfoil of the boiler test certificate in your Office for future reference.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,

MIDDLESBROUGH.
