JFH

2nd December, 1925.

Dear Sirs,

S. I duly received your letter of the 26th ultimo relative to the case of the Motorship "BURE", and note that the Owners have given instructions to the Master to arrange for the additional panting arrangements to be fitted at the next docking of the vessel, which will probably take place at Las Palmas in February next.

In the circumstances, I am requesting Lloyd's Agents at that port to appoint a Surveyor to carry out the survey in due course.

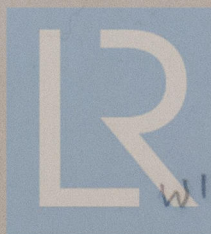

I am, Dear Sirs,

Yours faithfully,

Assistant to the Secretary.

The Surveyors,

OSLO.
