These trawlers became due for Annual Boiler Survey in September and August last, respectively, but, in a letter, dated 6th instant, the Owner states he has decided to withdraw them from the Society's Classification.

In the circumstances the Classing Committee, who had the cases before them on Tuesday, 12th instant, decided to give instructions for the character of each vessel to be withdrawn from the Society's Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owner's request.
