

### OUTFIT AND SPARE GEAR.

To be supplied with engine, as follows:--

|   |   |                    |   |   |
|---|---|--------------------|---|---|
| Lamp Burner.....                                    | 1 | for each engine.   |   |   |
| Piston Rings.....                                   | 4 | for each cylinder. |   |   |
| Injection Mouth Piece.....                          | 2 | for each cylinder. |   |   |
| Delivery Valve for Fuel Pump....                    | 1 | for each cylinder. |   |   |
| Suction Valve for Fuel Pump....                     | 1 | for each cylinder. |   |   |
| Valve Balls.....                                    | 3 | "                  | " | " |
| Valve Springs.....                                  | 6 | "                  | " | " |
| Oil Valve for Lubricating Pump..                    | 1 | "                  | " | " |
| Oil Valve for Spindles for<br>Lubricating Pump..... | 3 | "                  | " | " |
| Spiral Springs for Fuel Pump....                    | 1 | "                  | " | " |
| Spiral Springs for Reverse Pump.                    | 1 | "                  | " | " |
| Speed Regulator Springs.....                        | 2 | "                  | " | " |
| Air Valve Springs.....                              | 3 | "                  | " | " |
| Ebonite plate to governor.....                      | 1 | "                  | " | " |

### EXTRA SPARE GEAR.

To Lloyd's requirements, to be supplied with engine as follows:--

2. Bolts for Crank pin basses.
2. Bolts for Gudgeon pin brasses.
1. Suction Valve for Bilge pump.
1. Discharge Valve for Bilge pump.
1. Suction Valve for Circulating water pump.
1. Discharge Valve for Circulating water pump.
3. Studs for Cylinder cover.
1. Stud for Cylinder.
1. Stud for Thrust bearing.
1. Stud for Lubricator.
2. Studs for Main bearings.
1. Bolt for Eccentric Rod.
1. Bolt for rocking arm.
1. Bolt for regulator weight.

### TOOLS.

To be supplied with engine as follows:--

1. Oil Can.
1. Spirit Can.
1. Gauge for Fuel Pump.
4. Wrenches.
1. Shifting Spanner.
1. Key for Circulation Pump.
1. Key for Oil Valves.
1. Hook for Piston.
2. Keys for Fuel Pump.
2. Valve Keys.
1. Screw-driver.
1. Screw-driver for Valves.
1. Key for coupling.
1. Wrought Iron Turning Bar.
