H. C. Ascough Esq.,

LONDON.

Dear Mr. Ascough,

I am much obliged for your letter of yesterday regarding the unpaid fees in the case of the steamer "MICHAEL", and note that this matter is now straightening itself out. I understand that the vessel is most likely going out of class, the Owner considering that the survey will be too expensive a matter to undertake, but on this point we will send an official notification as soon as a decision is arrived at.

With kind regards,

Yours faithfully,

S. P. Davies
