The Secretary,

Lloyds Register of Shipping,  
NEWCASTLE ON TYNE.

Dear Sir,

s:s "MICHAEL".

This vessel has been submitted to the Surveyor in Drydock with a view of drafting a specification for the probable requirements for the 2nd No.3. Special Survey.

Tenders have been received and the amounts asked for repairs are so much in excess of what was anticipated that I shall be glad to know from you if a portion of these requirements can be done now and the survey completed at a later date.

I should propose dealing now with the renewing of the shell plates, masts and derricks and repairs to engine room tank, and shall be glad if you will inform me at earliest what the attitude of your society will be in this matter.

Yours faithfully,

*M. Logothetis*
