The main boilers of this vessel became due for
survey in November last, but the Owners, in a letter dated
14th instant, request that the steamer be withdrawn from the
Society's Classification as she has now been transferred to that
of the Germanischer Lloyd.

The Classing Committee had the case before them
on Friday, 24th instant, and in the circumstances decided to give
instructions for the vessel's character to be withdrawn from the
Register Book and three dots (...) inserted in lieu thereof,
indicating withdrawal of class at Owners' request.
