NDB - 28
TS 11,29.

The Main Boiler Survey of this vessel became due
in June last, and to complete the same the safety valves
require to be adjusted under steam.

In a letter, dated 7th instant addressed to the
Society's Surveyor at Bremen, the Managing Owner states
that the steamer has been transferred to the classification
of the Germanischer Lloyd.

The Classing Committee had the case before them
on Tuesday, 18th instant, and in the circumstances decided to
give instructions for the vessel's character to be withdrawn
from the Society's Register Book and three dots (...) inserted
in lieu thereof, indicating withdrawal of class at Owners'
request.

20th February, 1930.
