Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

24th June, 1925.

Dear Sirs,

A. With reference to your first entry Report No. 5591 on the semi-diesel engines made by Messrs. L. Gardner & Sons for the Wood Vessel "ROCHESTER CASTLE", and to your letter of the 4th ultimo respecting the fee charged by you, I have to point out that you appear to have charged the minimum fee as for the engines of a yacht, whereas the vessel is a small coasting vessel. In these circumstances the minimum first entry fee is £2 and the Special Survey fee £15, so that the amount chargeable to Messrs. Gardner & Sons is four-fifths of £17:0:0 = £13:12:0, and you will be good enough to render an amended account accordingly.

I am, Dear Sirs,

Yours faithfully,

Assistant to the Secretary.

The Surveyors,  
MANCHESTER.
