

Oil Engines being made by L. Gardner & Sons
Messrs. Short Bros "Rochester Castle" at Rochester
a Fire Float for the London County Council being
made by Edwards & Co. London.

In the Case of the "Rochester Castle" it is found
that Messrs. Gardner are making the shafting,
stem gear & sea connections which will be installed
at Rochester. The silencers will be made at
Rochester.

In the Case of the Fire Float Messrs. Gardner
are making the engines only & the shafting, stem gear
& fittings & details are being made by Merryweather & Sons
who will install the whole of the machinery including
their own fire pumps etc.

Submitted that in the Circumstances the Manchester
Seyors be allowed to carry out their usual practice
charging four fifths of the (1st. Entry fee plus the survey fee)
Remainder one fifth to be charged from the London Office.
