The Amsterdam Surveyors have forwarded a translation of a letter received by them from the Owners, stating that in order to reduce working expenses as much as possible, and in view of the Government supervision of fishing vessels, they have decided not to continue classification with this Society.

The cases received the consideration of the Classing Committee on Tuesday, 13th instant, when it was decided to give instructions for the vessels' characters to be withdrawn from the Register Book, and three dots (...) inserted in lieu in each case, indicating withdrawal of class at Owners' request.
