The Boiler Survey became due in September 1929, and has been partly held.

In reply to enquiry, the Boulogne Surveyor has forwarded a letter from the Owners, in which they state that as all their other vessels are classed with the Bureau Veritas, they desire to withdraw the classification of this vessel.

In the circumstances, the Classing Committee, who had the case before them on Tuesday, 8th instant, decided to give instructions for the class to be withdrawn and three dots (...) inserted in lieu, indicating withdrawal of class at Owners' request.
