

(Periodical Surveys, when held, must be reported in detail and verbatim in the terms of the Rules. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent repairs. Repairs should be separated from Repairs due to other causes.)

Lloyd's Register of Shipping,

71, Fenchurch Street,

London, 13th March, 1930.

E.C.3.

H.

To the Surveyor at BOULOGNE-SUR-MER.

Vessel's Name, Trawler "JEAN DORE".

QUESTION.

ANSWER.

I shall be glad if you will certain and let me know what arrangements have been made for the Trawler Survey of this vessel to be completed.

To complete this inspection and entitle the vessel to the record S. 7,29 the safety valves require to be adjusted.

Date:— 17 March 1930.

I have asked the Owner to effect the visits due on this trawler, but he answered me that all his vessels being surveyed by the Bureau Veritas he intended to have this one surveyed by the Veritas.

I think that this trawler could have the ... three dots inserted in the Register Book.
