

S.S. "Garthland"
ex "Bymer"

Gls. 41721.

This vessel was built in 1906 by Messrs. Bremer Vulkan, Vegesack, and classed with the Germanischer Lloyd.

The machinery and boilers have been examined through one with a view to classification with this Society. Necessary repairs have been carried out, and a satisfactory report forwarded by the Glasgow Office.

A plan of the boilers has also been forwarded, the scantlings of which together with those of the shafting meet the requirements of the Rules in force, when the boiler was built, for a working pressure of 200 lbs. per square inch.

The screw shaft was examined 18th August 1921.

It is submitted that this vessel is eligible for THE RECORD.
