240 Lacs

Enclosures.

7th October, 1921.

Dear Mr. Warlow,

I am in receipt of your letter of the 5th instant respecting the ex-German Steamer "IZMIR", and in reply I have to say that in this case the Surveyors would be quite in order in holding a six-monthly survey for the new Owners, provided it was their intention to class the vessel ultimately, as such a survey would be the first held on their behalf. If, however, they desired another certificate at the expiration of the first one, the Committee's sanction for this second survey would be necessary.

I trust that this will make the matter clear, and I return herewith the documents forwarded by you yesterday.

With kindest regards,  
Yours faithfully,

P. L. Warlow, Esq.,

GLASGOW.
