24th November, 1933.

Dear Sirs,

S With reference to your letter of the 31st ultimo respecting the Second Special Survey No.2 of the steamer "POMMELIN", I beg to acquaint you that the case of this vessel has been under consideration today, together with a letter from the Society's Surveyors at Havre, and in the circumstances I may say that the Committee will agree to the Special Survey being postponed for the present, subject to, its being completed before the ~~exp~~ expiration of the year of grace next June.

I have to point out, however, that the Boiler Survey became due last August, and it is considered that this inspection should be held now, having regard to the electric welding repairs previously effected, and I shall be glad if you will let me know when and at what port this inspection will take place.

I am, Dear Sirs,

Yours faithfully,

Messrs. Pottier-Grandmaison,
PAIMPOL,
France.
