The SECRETARY
LONDON.

Dear Sir,

In reply to your letter S of the 9th Inst. with enclosure, respecting the Steamer "POMELIN" examined by us at Cherbourg in August 1932, we beg to inform you that owing to the condition of the vessel and the extent of Hull and Machinery Repairs carried out at that time, we are of the opinion, that the Special Survey, now due, may be postponed till the expiration of the year of grace allowed by the Society's Rules.

Regarding the Boiler Survey, as extensive repairs by electric welding appeared to have been effected previously, it is necessary that a complete examination of the Main Boiler should be made now.

We are, Dear Sir,

Yours faithfully,

The Surveyors,

Per,

J. Miles
