John

Dear Sir,

I beg to acknowledge the receipt of your letters of the 6th and 26th instant.

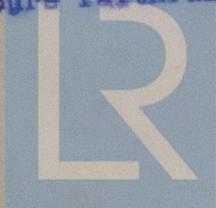

S. "POMELIN".

At the time of the repairs carried out on this vessel in June 1932, your Society's Surveyor at Havre who surveyed these repairs had assured me that the repairing of the vessel would make it possible to extend, for a few months, the duration of the Classification Certificate and that he would apply to the Committee to that effect. It is because of this promise that I did not trouble about the new survey.

I add that in view of the present shipping crisis and of the important repairs carried out last year I wish to be authorized to run the vessel for a few months yet before carrying out the Survey.

Yours faithfully,

etc.
