Ply. 6433

Dimensions 100' x 23' x 11.33'

Scantling Nos. 34.33 and 3433

Proportions. 8.8 depths to length.

-----

This vessel was built in 1907 but has not been classed with this Society.

Plans of the vessel were forwarded by the Plymouth Surveyor and the scantlings and arrangements were examined in this Office in May last when it was found that, subject to certain conditions being complied with, the vessel could be recommended for the class 100A-.

The Surveyor now forwards particulars of the scantlings together with a report of an examination made by him.

The vessel has been placed in dry dock and the requirements of a s.s. No.3 complied with and repairs effected to decks, casings &c., as necessary.

The vessel has been found or placed in good and efficient condition.

It is submitted the vessel appears worthy to be classed-
