2 ENCLOSURES

15th June, 1925.

Dear Sir,

Reverting to my letter of the 27th ultimo and to your First Entry Report No. 6433 on the steamer "RUTH", I have to inform you that the scantlings of the ~~through beams~~, as now indicated on the plan of midship section and the report, are satisfactory.

The deck in way of the hatchway will be required to be additionally supported by means of brackets as shown on the plans of midship section and profile, which are returned herewith for your information. The position of the web frames is not known, but, if this is suitable, it could be accepted in lieu of one of these brackets.

I am, Dear Sir,

Yours faithfully,

Mr. P.T. Brown,
PLYMOUTH.

Secretary.
