BS 4.29  
Ts 4.29

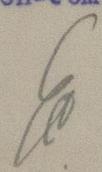

S.S. 2<sup>nd</sup> No. 3-4.25

:-:-----:-

The Third Special Survey No. 1 became due in April 1929, and was partly held at Bergen in May, 1929, when the Surveyor recommended it be completed and the necessary repairs effected by the end of April last.

In reply to enquiry the Bergen Surveyor now states he has conferred with the Owners regarding the matter and has been informed that the vessel is being repaired under the inspection of the Norske Veritas Surveyor. The Surveyor adds that the repairs recommended by him last year are not being carried out as the Norske Veritas are accepting the vessel, he understands, by carrying out only certain of the repairs recommended by him.

The Classing Committee had the case before them on Tuesday, 6th instant, and in the circumstances they gave instructions for the class to be expunged from the Register Book with a Red Line (5.30), indicating non-compliance with the Rules.

8.5.30.
