QUESTION.	ANSWER.
<p>With reference to your report 2025, I shall be glad to learn, this vessel appears to have arrived at Stavanger, what action being taken at this time in regard to the completion of the Special Survey No.1, and the repair or renewal of the main injection the Norske Veritas are accepting as recommended by you.</p> <p>You will observe that the next Survey will become due at the end of this month.</p>	<p>Date:— 29th. April 1930.</p> <p>I have personally conferred with the owner regarding this case and been informed that she is now being repaired under the inspection of the Norske Veritas Surveyor. The repairs recommended by me last year are not being carried out as the Norske Veritas are accepting the vessel, I understand, by carrying out only certain of the repairs recommended by me. The owner is at present out travelling and he has promised to reconsider the matter of retaining the vessel's class with this Society. on his return home next week.</p>
