

MacGregor Steel Hatch Covers proposed for
Messrs. Burntisland Shipbuilding Co's 235.

Plan showing amended scantlings submitted in
triplicate by the Designers.

It is submitted the Designers be informed that
the contents of their letter of the 25th instant have been
noted, and that the scantlings and arrangements as shown and
amended on the plan will be approved, provided they be carried
out to the satisfaction of the Society's Surveyors,

They should further be informed that, as suggested
by them, the thickness of the plating of No.3 cover at No.2
hatch could be .28" but No.4 cover should be .30" as amended.
