Dear Mr. Warlow,

With reference to Glasgow First Entry Report No. 46855 on the steamer "BENVENU", it is observed that you have noted on the minute "one intermediate bulkhead and one tween deck bulkhead aft dispensed with, etc". This should be "one intermediate bulkhead forward and one tween deck bulkhead aft dispensed with, etc". This is evidently a dip of the pen and I propose to add to your minute the word "forward", which I conclude will be all in order.

With kind regards,

Yours faithfully,

P.L. Warlow, Esq.,

GLASGOW.
