71, Fenchurch Street, E.C. 3.

29th July, 1921.

Dear Sir,

I have to inform you that it appears from
the First Entry Report received from the Society's Surveyors
at Genoa that the Steel S.S. "PRIMULA" is proceeding to your
port, where it is understood the Survey will be completed.

To complete the Survey, the following
work remains to be done, viz:-

Decks and fore peak tank to be tested.
An additional length of chain cable to be supplied.
The third bower anchor to be replaced by one of
suitable weight.

I shall therefore be glad if you will
arrange for the case to receive the necessary attention, and
for a report to be forwarded on form 8 in due course, on
completion of the Survey, with a view to the Classification of
the vessel.

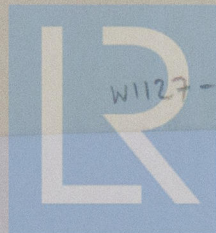

I am, Dear Sir,

Yours faithfully,

The Secretary,

TRIESTE.

Secretary.
