16th August, 1921.

Dear Sirs,

With reference to Mr. Aureli's report No. 2020 on the S.S. "PRIMULA", I have to inform you that a letter has now been received from the Society's Trieste Office to the effect that the vessel is to be sent to some other port in Italy for the purpose of completing the survey for classification. In the circumstances, I have to acquaint you, for your guidance should the vessel return to your Port, that to complete the survey the decks and fore peak tank require to be tested, and an additional length of chain cable required to be supplied. The third bower anchor also requires to be replaced by one of suitable weight.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NAPLES.
