Report, No. _____ Port _____

General Surveys, when held, must be reported in detail and serially in the terms of the Rules. State clearly the nature and extent of Examinations and subsequent repairs. Repairs of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; repairs being detailed in the body of the report, should be summarised in the form shown below. Whenever the amount of Anchors or Chains is reported, the particulars should be clearly stated in the space provided on this form. State also the dates and initials of any letters respecting this case.

Where cases where the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose and to whom and why they were declined?

Was a damage report made by anyone else? If so, by whom? Part dampification for first entry report

At the request of the Owners Spt proceed on board in order to complete the first entry report.

Fore peak tested found the upper deck in way making - Upper deck tested found all the angles, comings and stiffening of the hold hatchways leaking. The collision bulkhead found tight.

The Spt states that the Genova Surveyors has recommended fire extinguished appliances to be supplied on board in Engines room, and the steam valve to the donkey boilers oil
