S.S.Kob.No.2-26

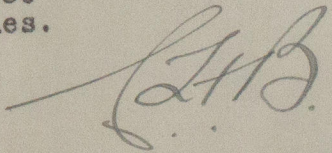

The 1st Special Survey No.3, due in March last,
has been partly held.

The Kobe Surveyors now report that the Special
Survey has been advanced and recommend that the holds, tween
decks and bunkers (which are badly corroded and several long-
itudinal frames with brackets wasted) be scaled so that a thorough
examination can be made and the condition of the vessel
ascertained.

A letter has now been received from the Owners
stating that it will be very difficult to carry out the repairs
during this depression and they regret to state they have to
withdraw the vessel from class.

The Kobe Surveyors state that the vessel is classed
with the Teikoku Kaiji Kyokai and British Corporation.

The case received the consideration of the Classing
Committee on Tuesday, 19th instant, when it was decided to
give instructions for the vessel's class to be expunged from
the Register Book with a Red Line (), indicating
8,30
non-compliance with the Society's Rules.

21st August, 1930.
