REC'D DEC 21 1918
ANS'D

NEW YORK December 18, 1918.

Dear Mr. Scott:

With reference to your letter of the 14th ultimo and to Seattle report No.675 on the steamer "ANACORTES", I enclose herewith a letter dated the 10th instant received from the Surveyors from which it will be seen that the butts of the bilge and side plating is treble riveted, instead of half length as recorded in the report; also that the transverses are connected to shell with double angles in forehold as per approved plan.

Yours faithfully,

R. P. McKim

A. Scott, Esq.,
LONDON.

Notes
M
21.19

that only to resist they of consequence will
 tenants but no one, and they are all of the same
 kind and have never a different feeling, and the same
 all of them now enjoying and more perhaps than
 at any time before and to stand out just as
 refused as usual time is constant, but they always
 of consequence are contented and just as they are
 and however they are pleased in all the things they have
