

Messrs. Abdela & Mitchell.

Steamer "CORNISH MERCHANT".

I called upon Mr. Douglas Garrett in regard to the  
received from the Cornish Traders, Ltd., and he suggests  
ply should be sent pointing out that the Certificate  
Society's Classification cannot be issued until payment  
made by somebody for the fees for the survey for  
ation. Their attention should be called to the fact  
builders, Messrs. Abdela & Mitchell, are in liquidation,  
should be informed that it is concluded that as the  
of classification was not handed over on delivery  
ssel to themselves, part of the purchase price to  
classification fees was retained by them, and in that  
should be no difficulty in their settling the amount  
n. If this was not so, they should be asked to say  
y payment made to the builders was expressly earmarked  
yment of these fees, as in the event of this having been  
ght enable the Society to claim the fees in full from  
ators.

25th March, 1925.
